

Name Francee E. Fuller

Sponsorship Chair 2012

Past President, CREW LV PA
Founding Board Member (2004)

What CREW has done for me?

CREW has allowed me to forge friendships and make connections among an amazing group of professionals, (women and men!) I might not have met under other circumstances. It has been personally and professionally enriching -- I urge members to get active in our committees. There's no better place to network!

Hobbies/Passions

People in any setting interest me. I love to see them blossom and grow, evidenced by my involvement in education. Our efforts may not change the world, but if they make a positive change in the world of a single individual, that is enough.
