

Jessica Gentile

CREW LV Director at Large - 2012-2013
Community Service Committee Member

What CREW has done for me?

CREW has not only been a great networking tool, but it has also provided the platform upon which to develop meaningful relationships with other women in the Lehigh Valley Commercial Real Estate community. So much of what we do on a daily basis is based on relationships. Having made these connections and developed relationships through CREW makes it that much easier to pick up the phone and ask someone for their help or services.

Profession:

Director of Project Development, North Star Construction Management, Inc.

Since 1986, North Star Construction Management, Inc. has dedicated its entrepreneurial spirit and unerring quality commitment to commercial construction. By acting as the owner's advocate and managing the many complexities of the construction process, North Star has helped clients in virtually every industry — in projects of virtually every scale, function, schedule, and style — realize their dreams.

Vice President, Polaris Properties, Inc.

Established in 1989, Polaris Properties, Inc. is one of the leading commercial real estate developers in the Lehigh Valley. The Polaris team is comprised of industry leaders whose collective expertise encompass each aspect of development including site selection, feasibility, marketing, leasing, design, financing, land development, and construction.

Education:

Bachelor of Science, Biology, Pennsylvania State University

Community Service:

CREW Community Service Committee

Lehigh Valley Corporate Center, Board of Directors

Hobbies/Passions:

Spending time with family, gardening, cooking
