CREW LV tours St. Luke's-Anderson campus month before opening First "from-the-ground-up" new hospital in PA in 40 years

BETHLEHEM, PA — More than 40 members and guests of CREW LV PA enjoyed a pre-opening tour of St. Luke's - Anderson Campus in Bethlehem Township, located off the Freemansburg Avenue Exit of Route 33 north of I-78 .Built according to "green design" principals, the hospital is the first "from the ground up" new hospital to be built in Pennsylvania in 40 years.

An early program sponsored by CREW LV featured founding-member Deborah Skeans, principal, Sperry Van Ness Imperial Realty, who explored the development potential of the 500 acres now owned by St. Luke's Hospital & Health Network. The October 4th tour and presentation brought the discussion full circle as attendees toured the new hospital, part of the \$200 million dollar first phase of development of the campus which includes a new cancer center and medical office building.

The JG Petrucci Company, of Asbury, NJ and Bethlehem, PA is the master developer of the site. Rosalin Petrucci, marketing director of JG Petrucci Company, is also a CREW charter member.

Hospital tours were led by Peter Polt, with JG Petrucci and David Green, with Iron Hill Construction. Lunch followed at the Courtyard by

St. Lukes Hospital, Anderson Campus

Carmine Cerminara (Left), principal of Cerminara Architects who designed the Hospital, answers questions during the tour

Marriot, Bethlehem where the program continued with remarks by Darla Frack, Vice President of Patient Care Services for St. Luke's Hospital--Anderson Campus who discussed the mission and

vision of the hospital. Carmine Cerminara, principal of Cerminara Architects, Hillsborough, NJ, gave insights into the collaborative design process and the "greening" of a hospital. ■

A presentation followed lunch

Guests return to the Courtyard by Marriot for lunch & the program after the hospital tour. A shuttle provided transportation between the two sites

Peter Polt, project manager with JG Petrucci, offered wrap up remarks
